How to Register

A GunsAmerica Quick Start Guide

This report shows you step-by-step instructions for registering on GunsAmerica.

GunsAmerica is free to browse. But if you are going to be buying or selling, you must register. There is no charge for this (although we do offer memberships for higher volume sellers). There are only a few simple steps. And once you are registered all of your information will be sent automatically to

One thing to keep in mind. We do not sell guns on GunsAmerica. We are an online marketplace, allowing sellers to post ads (tens of millions of them since 1997), and gun enthusiasts to buy items they are interested in.

Our job is to keep everyone fair. To make sure sellers are posting items they have in stock. And to ensure the buyers follow through on buying an item when they say they will.

To do this, we provide both parties (both buyer and seller) with contact information to complete transactions AFTER a buyer has committed to purchasing an item.

Your information and privacy are 100% safe.

- You will only receive the emails that you permit upon registering. And our customers will honor this permission.
- We will never share your information with 3rd parties and we expressedly forbid sellers or buyers from sharing any personal information with 3rd parties.
- You can opt-out at any time with a click on the link provided at the bottom of every GunsAmerica email.

This document is prepared as follows. First, what action you need to take for each step. Second, a photo screenshot of the GunsAmerica page corresponding to each step. And finally, more detailed information if you need it.

Note: If you are planning on selling on GunsAmerica, please see the quick start guide "How to Register as a Seller" at www.help.gunsamerica.com under the Quick Start Guide tab.
